

Dear Dr. Becker and Staff

Thank you for the wonderful job you did on my child. You and your staff helped us through the operation. Everyone was friendly, nice and considerate. It isn't often that you find that in a medical office. Thanks again

Dear Dr. Becker,

God and you made
a 14 year dream a reality.

I appreciate everything
you've done for me more
than you realize; however
you will be in my
prayers often. I will
continue to pray God's
hand in your life mightily.
I'm in Christ
