Dear Dr. Becker,

My impromptu visit to your office and immediate surgery is so greatly appreciated. The nose has healed beautifully and I no longer feel like a "witch" with a big wart.

How do I repay you for your skill, kindness, and generosity? Perhaps this delicate log fish appeared on our recent trip to the Bahamas will minimally show you how grateful I am to you.

Sincerely,
Denny

Just Because
Dr. Becker,
Many Thanks,
You changed
my Life.
Sincerely,
Michelle
