Dear Dr. Becker:

I want to thank you again for your wonderful reconstruction of my breast after my mastectomy. I recently went to Dr. Birnbach, because of an ovarian tumor, and after the examination he asked who did my reconstruction, and of course I said, " Dr. Becker". He said the reconstruction was a wonderful job.

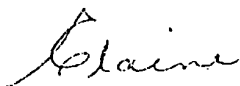

I just wanted to pass another Doctor's opinion of your skill. You can add Dr. Begas, Dr. Wideroff, and now Dr. Birnbach to the list of doctors I have seen. In fact, every nurse, Dr., friend and family. I don't feel like I have lost a breast because of you.

Of course, as you might imagine if I had the money, I would head your way for laser surgery on my face. When my lotto comes in I'll be at your door. After I get this ovarian surgery over with I can at least come in for a light peel and that will perk me up.

Please give my regards to your wife. You are both in my thoughts often and pray everything is going well for you and your family. May God bless you.

Thank you again,

Sincerely,

Elaine
